

Biology/Physics MCAS Preparation Program

Suggested For:

Students who are struggling with Biology/Physics and students who have never taken an MCAS exam. Teacher input will be used to generate a list of eligible students.

Benefits:

Students will enhance targeted skills geared toward improving their performance on the Biology/Physics portion of the MCAS exam. Attention will be given to reviewing key science concepts, answering open response questions, reinforcing Biology/Physics vocabulary, and test-taking skills. Students will also use TestNav, the computer software now used for this exam.

Program Dates:

Saturdays 8:30 a.m. - 11:30 a.m. on May 14, May 21, May 28 and June 1.

MCAS PREPARATION PROGRAMS

**MCAS is a graduation requirement
for all high school students in the
state of Massachusetts.**

Test Dates:

ELA - March 22 & 23

Mathematics - May 17 & 18

Science - June 7 & 8

**Diman Regional Vocational
Technical High School**

ELA MCAS Preparation Program

Suggested For:

Students who are struggling with English Language Arts and students who have never taken an MCAS exam. Teacher input will be used to generate a list of eligible students.

Benefits:

Students will enhance targeted skills geared toward improving their performance on the ELA portion of the MCAS exam, such as reading comprehension, question analysis, and the writing process. Students will also use TestNav, the computer software now used for this exam.

Program Dates:

Saturdays 8:30 a.m. - 11:30 a.m. on February 12, February 19, March 5, March 12, and March 19.

Mathematics MCAS Preparation Program

Suggested For:

Students who are struggling with Mathematics and students who have never taken an MCAS exam. Teacher input will be used to generate a list of eligible students.

Benefits:

Students will enhance targeted skills geared toward improving their performance on the Mathematics portion of the MCAS exam. Attention will be given to reviewing key math concepts, answering open response questions, and strengthening computational and problem solving skills. Students will also use TestNav, the computer software now used for this exam.

Program Dates:

Saturdays 8:30 a.m. - 11:30 a.m. on March 26, April 2, April 9, April 30, and May 7.
