## Grade 9 Materials Required – Mathematics Department

All students are expected to be prepared for class with the following supplies to be successful in a mathematics course at Diman Regional. The supplies below are in addition to a school bag (backpack) as well as school-issued student IDs & lanyards:

- A 3-ring binder 1.5" or 2" in diameter (preferably with pockets)
- A supply of filler paper for the binder
- A supply of pencils with erasers
- A supply of pens
- A TI 84+ CE or TI 84+ CE Python graphing calculator\*
- A school-issued Chromebook
- Other basic supplies as required by your teacher (i.e. dividers, index cards, highlighters, folders, etc. are used by some teachers but not all)

\*A graphing calculator will be provided. Students may purchase their own device instead of borrowing from the school to avoid incurring damage/replacement costs if not returned in the same condition issued.
